

Location	Tree	Species	No Stems	Size	Age	Vigour	Condition	Comments	Recommendations	Priority
King George's Field	9	Tilia x europaea (Lime)	Single	Large	Newly planted	Normal	Good	Major deadwood over path	Remove deadwood over 50mm	1
King George's Field	10	Tilia x europaea (Lime)	Single	Large	Newly planted	Normal	Good	Major deadwood over path	Remove deadwood over 50mm	1
King George's Field	11	Tilia x europaea (Lime)	Single	Large	Newly planted	Normal	Good	Major deadwood over path	Remove deadwood over 50mm	1
King George's Field	12	Tilia x europaea (Lime)	Single	Large	Newly planted	Normal	Good	Major deadwood over path	Remove deadwood over 50mm	1
King George's Field	14	Tilia x europaea (Lime)	Single	Large	Newly planted	Normal	Good	Major deadwood over path	Remove deadwood over 50mm	1
King George's Field	15	Tilia x europaea (Lime)	Single	Large	Newly planted	Normal	Good	Major deadwood over path	Remove deadwood over 50mm	1
King George's Field	17	Tilia x europaea (Lime)	Single	Large	Mature	Normal	Average	Major deadwood. Dense Epicormic growth	Remove deadwood over 50mm	1
King George's Field	28	Tilia x europaea (Lime)	Single	Large	Mature	Normal	Good	Broken/damaged/hanging branch	Remove broken/hanging branch	1
King George's Field	43	Tilia x europaea (Lime)	Single	Large	Mature	Normal	Good	Major deadwood over path	Remove deadwood over 50mm	1
King George's Field	44	Tilia x europaea (Lime)	Single	Large	Mature	Normal	Good	Major deadwood over path	Remove deadwood over 50mm	1
King George's Field	46	Tilia x europaea (Lime)	Single	Large	Mature	Normal	Good	Major deadwood over path	Remove deadwood over 50mm	1
King George's Field	77	Salix fragilis (Crack Willow)	Single	Large	Mature	Normal	Dangerous	Partly failed, remaining stem likely to fail	Fell	1
King George's Field	80	Tilia x europaea (Lime)	Single	Large	Mature	Normal	Good	Major deadwood over path	Remove deadwood over 50mm	1
King George's Field	84	Tilia x europaea (Lime)	Single	Large	Mature	Normal	Good	Major deadwood. Broken/damaged/hanging branch	Remove deadwood over 50mm and broken/hanging branch	1
King George's Field	85	Tilia x europaea (Lime)	Single	Large	Mature	Normal	Good	Major deadwood. Broken/damaged/hanging branch	Remove deadwood over 50mm and broken/hanging branch	1
King George's Field	91	Tilia x europaea (Lime)	Single	Large	Mature	Normal	Good	Major deadwood over path	Remove deadwood over 50mm	1
King George's Field	99	Tilia x europaea (Lime)	Single	Large	Mature	Normal	Good	Major deadwood	Remove deadwood over 50mm	1
King George's Field	110	Laburnum anagyroides (Laburnum)	Single	Large	Mature	Normal	Poor	Stem decay/fractures at primary bifurcation. Included/weak union	Fell	1

Location	Tree	Species	No Stems	Size	Age	Vigour	Condition	Comments	Recommendations	Priority
Raby Park	139	Aesculus hippocastanum (Horse Chestnut)	Single	Large	Mature	Normal	Poor	Damaged/loose bark. Stem exudate. Extensive bark lesions and loss due to Bleeding Canker.	Crown reduce by 20 to 25% to prevent branch loss	1
Walton Rd	425	Acer platanoides (Norway Maple)	Single	Medium	Mature	Normal	Good		Fell adjacent marked Elder as collapse onto road likely	1
Walton Rd	434	Fraxinus excelsior (Ash)	Single	Large	Mature	Low	Poor	Stem decay. Crown dieback. Major deadwood. In decline	Remove deadwood over 50mm	1
Jubilee Gdns	462	Fagus sylvatica (Beech)	Single	Large	Mature	Normal	Average	Stem cavities @ 2.2m on eastern side. Major deadwood	Test Resistograph. Remove deadwood over 50mm	1
Sandringham Park	530	Aesculus hippocastanum (Horse Chestnut)	Single	Large	Mature	Normal	Good	End loaded branch growing over road, failure likely.	Reduce branch by 30% (3m)	1
