### 3. Erosion of banking at Sandringham Park

The Deputy Clerk reported that a resident whose garden backs on to Sandringham Park had reported that two trees on the Sandringham Park banking had blown down in recent winds and erosion of the banking was occurring. Photographs had been provided by Cllr Knight to whom the initial report had been sent. Following discussion it was agreed that the Council should obtain a copy of the Land Registry plan for the property in order to determine the position of the boundary. Hart Law should then be asked to advise on the legal responsibility. The Town Handyman will be asked to assess whether he can safely remove the fallen trees or whether a contractor should be instructed.

### 4. On-going maintenance and care of trees planted by the Civic Society

The Civic Society has asked if the Council would be prepared to take on the responsibility for the on-going maintenance and management of the trees that the Society have planted around the town. Cllr Hawkins had obtained a schedule of 42 trees that have been planted on The Ings and two trees planted on Scaur Bank; one to commemorate the Queen's Golden Jubilee and one to commemorate the Diamond Jubilee. The Committee agreed that whilst Wetherby Town Council cannot take responsibility for the maintenance of trees on land which it doesn't own it would be happy for the following to happen:

- a) To take over ownership and responsibility for any trees planted by the Civic Society on land owned by Wetherby Town Council.
- b) To receive a schedule of such trees.
- c) To consider future requests in advance of the trees being planted.

### 5. Removal of guards around the trees on Millennium Field

The Deputy Clerk reported that some of the guards around the trees have rotted and need to be replaced or removed. Following discussion it was agreed that all the guards should be removed.
